

The Enzian Story

Some things in life take a lot of faith, a lot of heart, and a lot of grace. The Enzian Inn is such a story. It is a story of family and of faith. It is a story of a vision for themselves as a family. It is a story of their contribution to neighbors and community, and a reaching out to others to be blessed to come to this beautiful valley.

It was built by father and son with a shared belief that this valley was a meeting place. A meeting place with creation, and for families to be together. A meeting place where strangers become friends. A meeting place where memories are made and shared. A meeting place that beckons you to keep coming, keep laughing, and keep sharing.

As pastors and leaders when you bring your church leaders, families or small ministry groups you can know that at the foundation of our building is that story.

Designed to offer the very best to individual guests and their families and friends, the event spaces were created to deliver that same best. Something for every guest, for every generation to enjoy.

Add to that the many testimonies that the Enzian hospitality staff is some of the finest. They share a joy in helping you to deliver the very event you have prayed for, planned for, envisioned in your heart.

It is our desire to walk with you every step of your retreat or conference.

Let us help you today to get started. We are happy to talk with you, to submit a proposal, and to find that way of making your event special.
